## ABSTRACT

Nursandi Syam, 2023. Socio-Cultural Relations between the Residents of Batu Tambung Village and the Surrounding Residents in Biring Kanaya District, Makassar City. Thesis, Sociology Education Study Program, Faculty of Teacher Training and Education, Muhammadiyah University Makassar. Supervisor I Jamaluddin Arifin and Supervisor II St. Asnaeni AM.

The aim of the research is to determine the socio-cultural existence of the residents of Batu Tambung village in Biring Kanaya sub-district and to determine the socio-cultural relationship between the residents of Batu Tambung village and the residents of Biring Kanaya sub-district. The type of research used is research, but rather the quality. The research was carried out over a period of 2 months located in Makassar City. The data collection techniques used are observation, interviews and documentation. The number of informants used was 8 people consisting of 2 community leaders, 4 people from the Biring Kanaya community, and 2 people from Batu Tambung village.

The results of the research show that the people of Batu Tambung Village, Biring Kanaya District, are often involved in social and humanitarian activities, as well as maintaining cultural heritage and harmonious interpersonal relationships with the surrounding community.

The application of cultural values in the Batu Tambung village is still maintained and preserved because mutual cooperation activities are still being realized. The relationship between Batu Tambung village and the surrounding community is one of mutual respect, involvement in joint activities, and community interaction is still maintained to this day.
