

## ABSTRAK

**RAHMAWATI SASMIDI**, 2022. *Pengaruh metode Iqro' berbantuan media buku baca terhadap kemampuan membaca permulaan siswa kelas satu SD Kompleks Batua Gugus V Kecamatan Manggala Kota Makassar*. Tesis. Jurusan Pendidikan Dasar Program Pasca Sarjana Universitas Muhammadiyah Makassar. Pembimbing I Sulfasyah, dan Pembimbing II Tarman A. Arief.

Penelitian ini bertujuan untuk mengetahui bagaimana Metode Iqro berbantuan Media buku baca (Anak Islam Suka Membaca) Terhadap kemampuan membaca permulaan siswa kelas satu pada SD Kompleks Batua Gugus V Kecamatan Manggala Kota Makassar diterapkan. Dan apakah ada pengaruh metode Iqro' berbantuan media buku baca terhadap kemampuan membaca permulaan siswa. Penelitian ini merupakan penelitian *Quasi eksperimen*. Tindakan yang dilakukan untuk melihat adakah pengaruh yang signifikan penggunaan media buku baca (anak islam suka membaca) terhadap kemampuan membaca permulaan siswa kelas rendah SD Kompleks Batua gugus V Kecamatan Manggala kota Makassar.

Hasil penelitian menunjukkan bahwa ada perbedaan yang signifikan antara *pre-test* kelas eksperimen dan kelas kontrol. Dengan hasil analisis data diketahui, nilai rata-rata kelas eksperimen adalah sebesar 65.55, sedangkan kelas kontrol nilai rata-ratanya sebesar 74.10. setelah melakukan perlakuan. Hasil uji-t juga menunjukkan bahwa perbedaan signifikan nilai t-tabel dengan nilai t-test terbukti dengan t-hitung sebesar 1.990 dan t-tabel 1.673. Jadi hasil dari uji-t berarti  $t_{hitung} > t_{tabel}$ , berarti  $H_0$  ditolak dan  $H_1$  diterima.

Berdasarkan perhitungan t dapat disimpulkan bahwa pembelajaran menggunakan metode Iqro dengan bantuan media buku baca anak islam suka membaca dapat meningkatkan hasil belajar siswa. Dengan demikian hipotesis yang menyatakan "pembelajaran dengan memanfaatkan metode Iqro dengan bantuan media buku baca anak islam suka membaca lebih efektif dibandingkan dengan pembelajaran konvensional pada siswa kelas I SD kompleks Batua gugus V kecamatan Manggala kota Makassar", diterima.

**Kata kunci** : Metode Iqro', Media buku baca (AISM), Keterampilan Membaca.

## ABSTRACT

**RAHMAWATI SASMIDI, 2022.** The Effect of The Iqro' Method Assisted by Reading Books on The Initial Reading Ability of First Graders at The Batua Complex V Elementary School, Manggala District, Makassar City. Thesis. Department of Basic Education, Graduate Program, University of Muhammadiyah Makassar. Advisor I Sulfasyah, and Advisor II Tarman A. Arief.

This study aims to find out how the Iqro Method assisted by reading book media (Islamic Children Like to Read) is applied to the early reading ability of first graders at the Batua Cluster V Elementary School, Manggala District, Makassar City. And is there any effect of the Iqro 'method assisted by reading books on the students' initial reading ability. This research is a quasi-experimental research. The action taken was to see if there was a significant effect the use of reading book media (Islamic children like to read) on the early reading ability of the lower grade students of SD Complex Batua cluster V, Manggala District, Makassar City.

The results showed that there was a significant difference between the pre-test of the experimental class and the control class. With the results of data analysis known, the average value of the experimental class is 65.55, while the control class has an average value of 74.10. after doing the treatment. The results of the t-test also show that there is a significant difference between the t-table value and the t-test value as evidenced by the t-count of 1.990 and t-table of 1.673. So the result of the t-test means  $t\_count > t\_table$ , meaning  $H_0$  is rejected and  $H_1$  is accepted.

Based on the t calculation, it can be concluded that learning using the Iqro method with the help of reading books for Islamic children can improve student learning outcomes. Thus the hypothesis which states "learning by using the Iqro method with the help of reading books for Islamic children who like to read is more effective than conventional learning in grade I elementary school students, Batua complex cluster V, Manggala district, Makassar city", was accepted.

Keywords: *Iqro' method, Reading book media (AISM), Reading Skills.*
