

ABSTRAK

NANDANI (105951100119). Nilai Manfaat Langsung Hutan Mangrove Di Desa Arungkeke Pallangtikang Kecamatan Arungkeke Kabupaten Jeneponto. Dibawah bimbingan **Irma Sribianti dan Muthmainnah.**

Tujuan penelitian adalah untuk menghitung nilai total ekonomi hutan mangrove. Penelitian ini dilakukan di Desa Arungkeke Pallangtikang, Kecamatan Arungkeke, Kabupaten Jeneponto, pada bulan Juni-Agustus 2023. Metode pengumpulan data dipilih dengan cara *purposive sampling* dengan jumlah responden sebanyak 26 orang, data dikumpulkan dengan pengamatan langsung dilapangan dan wawancara terhadap rersponden. Hasil penelitian menunjukkan bahwa nilai total ekonomi hutan mangrove sebesar Rp. 131.212.000/tahun, yang diperoleh dari nilai manfaat ikan sebesar Rp. 69.460.000/tahun, nilai manfaat kepiting sebesar Rp. 58.197.000/tahun dan nilai kayu bakar sebesar Rp. 3.555.000/tahun.

Kata kunci: *Hutan Mangrove, Nilai Manfaat Langsung, Nilai Total Ekonomi*

ABSTRACT

NANDANI (105951100119). The Value of Direct Benefits of Mangrove Forest in Arungkeke Pallangtikang Village, Arungkeke District, Jenepono Regency. Under the guidance of **Irma Sribianti and Muthmainnah.**

The research objective is to calculate the total economic value of mangrove forests. This research was conducted in Arungkeke Pallangtikang Village, Arungkeke District, Jenepono Regency, in May-July 2023. The data collection method was selected by purposive sampling with a total of 26 respondents. Data was collected by direct field observation and interviews with respondents. The results showed that the total economic value of mangrove forests was Rp. 131,212,000/year, which is obtained from the value of the benefits of fish of Rp. 69,460,000/year, the value of the benefits of crabs is Rp. 58,197,000/year and the value of firewood is Rp. 3,555,000/year.

Keywords: *Mangrove Forest, Direct Benefit Value, Total Economic Value*
