Reki Adriawan, 105951102319, Pengaruh Musim Terhadap Pemanfaatan Tanaman Aren (*Arenga Pinnata*) Desa Batu Lohe Kecamatan Bulukumpa Kabupaten Bulukumba. Fakultas Pertanian Universitas Muhammadiyah Makaassar, 2024, Dibimbing oleh NAUFAL dan MUTHMAIMNNAH.

Penelitian ini bertujuan untuk mengetahui pengaruh musim terhadap pemanfaatan tanaman Aren (*Arenga Pinnata*) Desa Batu Lohe Kecamatan Bulukumpa Kabupaten Bulukumba. Penelitian ini dilakukan pada bulan September-November tahun 2023 berlokasi di Desa Batu Lohe Kecamatan Bulukumpa Kabupaten Bulukumba. Data yang dikumpulkan dengan teknik wawancara menggunakan kuesioner kepada responden sebanyak 15 responden. Metode yang digunakan dalam penelitian yaitu dengan menggunakan Metode wawancara, survey dan kuesioner (angket).. Berdasarkan hasil observasi lapangan dan wawancara perubahan musim telah berdampak negatif terhadap pemanfaatan tanaman aren di Desa Batu Lohe Kecamatan Bulukumpa Kabupaten Bulukumba . Dampak tersebut antara lain penurunan produksi, penurunan kualitas dan kuantitas, peningkatan serangan hama dan penyakit, serta penurunan pendapatan petani di Desa Batu Lohe.

Kata kunci: Pemanfaatan, Tanaman, Aren

ABSTRACT

Reki Adriawan, 105951102319, The Influence of Seasons on the Utilization of Sugar Palm Plants (*Arenga Pinnata*) in Batu Lohe Village, Bulukumpa District, Bulukumba Regency. Faculty of Agriculture, Muhammadiyah University of Makaassar, 2024, Supervised by NAUFAL and MUTHMAIMNNAH.

This research aims to determine the effect of season on the use of sugar palm plants (*Arenga Pinnata*) in Batu Lohe Village, Bulukumpa District, Bulukumba Regency. This research was conducted in September-November 2023 located in Batu Lohe Village, Bulukumpa District, Bulukumba Regency. Data was collected using interview techniques using a questionnaire to 15 respondents. The method used in the research is interview, survey and questionnaire methods. Based on the results of field observations and interviews, seasonal changes have had a negative impact on the use of sugar palm plants in Batu Lohe Village, Bulukumpa District, Bulukumba Regency. These impacts include a decrease in production, a decrease in quality and quantity, an increase in pest and disease attacks, as well as a decrease in farmers' income in Batu Lohe Village.

Keywords: Utilization, of Sugar, Palm Plants
