ABSTRACT

NURUL JIHAD. 2025. *Analysis of Financial Performance before and after the Merger at PT Bank IBK Indonesia, Tbk. Thesis. Department of Management, Faculty of Economics and Business, University of Muhammadiyah Makassar. Supervised by: Muryani Arsal and Muhammad Khaedar Sahib.*

This study aims to examine the differences in the financial performance of PT Bank IBK Indonesia, Tbk. before and after the merger. This research uses a quantitative method with a descriptive approach. The data used in this study are secondary data, namely the financial statements of PT Bank IBK Indonesia, Tbk. before and after the merger, as published by the Indonesia Stock Exchange. The data collection method employed is a documentation technique. The analysis methods used in this study include descriptive statistical analysis, hypothesis testing with the Paired Sample T-test, and the Wilcoxon test. Based on statistical analysis using SPSS version 25, the results indicate that the Current Ratio and Debt to Asset Ratio show significant differences before and after the merger. However, the Net Profit Margin, Return on Assets, and Return on Equity do not show any significant differences between the two periods. These findings suggest that the financial performance of PT Bank IBK Indonesia, Tbk. did not significantly improve following the merger.
