NURISMI, 2022. Thesis of English Department, Faculty of Teacher Training and Education, Muhammadiyah University of Makassar. Using British Movie in Increasing Students' Speaking Skills at SMA MUHAMMADIYAH SUNGGUMINASA Supervised by Muhammad Zia Ul Haq, and Ika Sastrawati,

This research to find out the improvement of students speaking skills by using British Movie as media to increase the students' speaking skills in terms of fluency

The research applied pre-Experimental research with one class pre-test and post-test. The researcher used a purposive sampling technique. The sample of the research was science students (IPA) of SMA MUHAMMADIYAH SUNGGUMINASA for the academic year of 2021/2022. The researcher used pictures as instruments in the pre-test and post-test.

The students' speaking problems in Fluency could be reduced by using a British movie it proved by the result findings, the main score of students' Fluency was 0.21 which was classified as poor, post-test 0.32 classified as fair and the improvement of pre-test to post-test was 49%.

The results of the increase are also proven by the value of the t-test. By applying a significance level of 0.05 with degrees of freedom (df)=8-1=7, a t-test result of 5.833 is obtained which is greater than the t-table value of 1.891. This means that the alternative hypothesis is accepted and the null hypothesis is rejected. It can be concluded that British Movie has a significant influence on students' speaking ability in terms of fluency
