ABSTRACT

NURINDAH SARI. 2025. *Effectiveness of Family Card Introduction Letter Making Services at Borong Pa'la'la Village Office, Gowa Regency. Thesis. Department of Management, Faculty of Economics and Business, Muhammadiyah University of Makassar. Supervised by: Moh Aris Pasigai and Nasrullah*

This study aims to determine the effectiveness of the Family Card (KK) cover letter making service at the Borong Pa'la'la Village Office, Pattallassang District, Gowa Regency. This study uses a qualitative research method with a field study approach.

According to Law Number 23 of 2006 concerning Population Administration, a family card (KK) is a family identity card containing data on the composition, relationships and number of family members. The Borong Pa'la'la Village Office functions as a means of public service that implements a population administration service system, which is one type of service that is very important in every village including making family cards. In this study, the implementation of family card issuance services carried out at the Borong Pa'la'la Village Office is in a fairly good category but still has several obstacles such as limited facilities and infrastructure, in carrying out their duties bureaucratic officials have not been fully able to act professionally in carrying out their duties which need to be evaluated and followed up.
