

ABSTRACT

Asmita Sari. 2019. Application of the Advance Organizer Learning Model to Improve Student Learning Outcomes of Class VII.3 in PPKn Subjects of SMP Negeri 2 Panca Rijang, Panca Rijang District, Sidenreng Rappang Regency. Essay. Department of Pancasila and Citizenship Education Faculty of Teacher Training and Education, University of Muhammadiyah Makassar. Supervisor I Dr. Hj. Rosleny Babo, M.Sc. and Advisor II Dr. Muhajir, M.Pd.

The problem in this study is whether the application of the Advance Organizer learning model can improve the learning outcomes of Class VII.3 students in PPKn subjects at SMP Negeri 2 Panca Rijang, Panca Rijang District, Sidenreng Rappang Regency. This study aims to improve the learning outcomes of Class VII.3 students in PPKn subjects through the application of the Advance Organizer learning model of SMP Negeri 2 Panca Rijang, Panca Rijang District, Sidenreng Rappang Regency.

This type of research is a class action research (Class Action Research). The subjects of this study were students of Class VII.3 of SMP Negeri 2 Panca Rijang, District of Panca Rijang, Sidenreng Rappang Regency. Data collection techniques used were observation, tests, and questionnaires. The research instruments used were observation sheets, test sheets, and questionnaire sheets. The indicator of the success of the action is marked by $\geq 80\%$ of the number of students who take the learning process has gained more value ≥ 80 .

The results showed that an increase in PPKn learning outcomes for Class VII.3 students of SMP Negeri 2 Panca Rijang, District of Panca Rijang, District of Sidenreng Rappang after applying the Advance Organizer learning model both in cycle I and cycle II. Students who scored ≥ 80 experienced an increase of 82% from the initial condition of 9% to 91% in the first cycle, then increased again by 5% to 96% in the second cycle. The average value of student learning outcomes increased by 33.13% from the initial conditions of 56.82 to 89.95 in the first cycle, then increased again by 6% to 95.95 in the second cycle. So, by applying the Advance Organizer learning model to PPKn subjects, it can improve the learning outcomes of Class VII.3 students of SMP Negeri 2 Panca Rijang.
