

ABSTRAK

Nurul Atika, Abdi, dan Nur Wahid. Strategi Pemerintah Desa Dalam Mencegah Kekerasan Seksual Terhadap Anak Di Bawah Umur Di Desa Mekkatta Selatan Kabupaten Majene.

Penelitian ini bertujuan untuk mengetahui strategi Pemerintah Desa dalam mencegah kekerasan seksual terhadap anak di bawah umur di Desa Mekkatta Selatan, Kecamatan Malunda, Kabupaten Majene. Kekerasan seksual terhadap anak merupakan permasalahan sosial yang memerlukan perhatian serius dari pemerintah desa sebagai lembaga yang memiliki peran penting dalam memberikan perlindungan kepada masyarakat. Oleh karena itu, diperlukan strategi yang terencana dan berkelanjutan dalam upaya mencegah terjadinya kekerasan seksual terhadap anak di bawah umur.

Jenis penelitian yang digunakan adalah penelitian kualitatif dengan pendekatan deskriptif. Teknik pengumpulan data dilakukan melalui observasi, wawancara, dan dokumentasi. Informan dalam penelitian ini terdiri dari Kepala Desa, Sekretaris Desa, Kepala Dusun, serta orang tua dan masyarakat. Teknik analisis data dilakukan melalui reduksi data, penyajian data, dan penarikan kesimpulan dengan fokus penelitian pada Konsiliasi, Mediasi, dan Arbitrase.

Hasil penelitian menunjukkan bahwa strategi Pemerintah Desa Mekkatta Selatan dalam mencegah kekerasan seksual terhadap anak di bawah umur telah dilaksanakan melalui kegiatan konsiliasi, mediasi, dan Arbitrase kepada orang tua dan anak, dengan melibatkan masyarakat dan lembaga terkait. Namun demikian, masih terdapat kendala berupa rendahnya kesadaran masyarakat dan kurangnya pengawasan orang tua. Dengan demikian, strategi yang dilaksanakan telah berjalan, tetapi masih memerlukan peningkatan agar pelaksanaannya dapat berjalan lebih optimal di masa yang akan datang.

ABSTRACT

Nurul Atika, Abdi, and Nur Wahid. Village Government's Strategy in Preventing Sexual Violence Against Minors in South Mekkatta Village Majene Regency.

This study aims to determine the strategies of the Village Government in preventing sexual violence against minors in Mekkatta Selatan Village, Malunda District, Majene Regency. Sexual violence against children is a social problem that requires serious attention from the village government as an institution that has an important role in providing protection to the community. Therefore, well-planned and sustainable strategies are needed in efforts to prevent sexual violence against minors.

The type of research used in this study is qualitative research with a descriptive approach. Data collection techniques were carried out through observation, interviews, and documentation. The informants in this study consisted of the Village Head, Village Secretary, Hamlet Head, as well as parents and community members. The data analysis technique was conducted through data reduction, data presentation, and drawing conclusions, with the research focus on conciliation, mediation, and arbitration.

The results of the study indicate that the strategies of the Mekkatta Selatan Village Government in preventing sexual violence against minors have been implemented through conciliation, mediation, and arbitration activities directed toward parents and children, involving the community and related institutions. However, there are still obstacles, such as low community awareness and lack of parental supervision. Thus, the strategies that have been implemented are functioning, but still require improvement so that their implementation can be more optimal in the future.
