ABSTRACT

SRI REZEKI SONGGENG, 2016. The role of facilitator of regional work units (SKPD) In Collaboration Mechanism as a Form of Public Service In Kabupaten Takalar, under the guidance and Jaelan Syafiuddin Saleh Usman.The purpose of this study to determine the role of facilitator in the mechanism of collaboration on education as a form of service to the community in Takalar.

This study used qualitative methods applied in the regional work units (SKPD) and society as informants were some SKPD and members of the beneficiary communities. The instrument used was the interview and data collection. The analysis used is descriptive analysis.

The results showed that the role of the facilitator as mediator, guides and resources in the mechanism of collaboration as an implementation of public service shows that their role is to support the service to the community, do not interfere with the basic tasks but supports the basic tasks they, add information about konsdisi society concretely and can be used as material for planning SKPD level.

In carrying out the role of facilitator on education do not always go smoothly, there are still many shortcomings from government, civil society, private sector and NGOs, including the organizational aspects of the lack of support from the leadership, technical aspects differing abilities from both the facilitator and the community and the environment itself, the use of the budget and No political aspect constituent groups.

Keywords: Facilitator Role, Working Unit (SKPD), Collaboration Mechanism, Public Server.
