In addition, fishing communities in Bontoborusu Village also play a role in fostering human resources, which is manifested by business skills carried out by the wives of fishermen. effort to improve their family's social economy. In addition, providing capital loans for people who want to open a business.

Keywords: The Role of Fishermen's Society, Increasing Economy.

ABSTRAK

Andi Nur Fadlia Patra, 2019 Judul “Peranan masyarakat nelayan terhadap peningkatan ekonomi (Studi kasus Desa Bontoborusu Kabupaten Kepulauan Selayar)”, Skripsi Program Studi Ilmu Ekonomi Studi Pembangunan Fakultas Ekonomi dan Bisnis Universitas Muhammadiyah Makassar. Dibimbing oleh Pembimbing I Sultan Sarda dan Pembimbing II Ismail Rasulong.

Penelitian ini tergolong kualitatif dengan pendekatan penelitian yang digunakan adalah pendekatan normative dan sosiologis yakni interaksi lingkungan yang sesuai dengan unit sosial, individu, kelompok, lembaga, atau masyarakat. Adapun sumber data penelitian ini adalah masyarakat nelayan. Selanjutnya, metode pengumpulan data yang digunakan adalah observasi, wawancara, dan dokumentasi.

Penelitian ini menunjukkan kesimpulan bahwa dalam kehidupan masyarakat nelayan baik suami maupun istri sama-sama memiliki peran untuk memenuhi kebutuhan ekonomi keluarga yang diwujudkan dalam empat perannya baik dalam lingkungan rumah tangga, dalam bidang ekonomi, pendidikan anak, maupun dalam masyarakat. Selain itu masyarakat nelayan yang ada di Desa Bontoborusu juga berperan dalam pembinaan sumberdaya manusia yang diwujudkan dengan adanya keterampilan usaha yang dilakukan oleh para istri-istri nelayan.

Kata kunci: Peranan Masyarakat Nelayan, peningkatan Ekonomi.
